## PROFILE

Growth and marketing leader with 8+ years scaling consumer digital platforms and marketplaces in Southeast Asia, most recently as Head of Marketing at Flymya, Myanmar's leading online travel agency. I own the full growth loop – acquisition, first purchase, retention, loyalty, reactivation and monetization – and tie every campaign to bookings, GMV, margin and customer value. Hands-on across paid, social, CRM, influencers, partnerships, OOH and retail, and comfortable with the numbers behind them (CAC, LTV, retention, SQL, Looker Studio). Earlier, I built one of Myanmar's first influencer networks (800+ creators), giving me direct experience growing both the supply and demand sides of a platform. Looking for a remote role where commercial ownership and marketplace growth experience matter.

## SELECTED IMPACT AT FLYMYA (2024 – PRESENT)

- **Category expansion –** Repositioned Flymya from a domestic-flights brand into a full travel platform. Jan 2024 → Jan 2026 monthly volumes: international flights 2,649 → 9,638 (3.6x), international hotels 37 → 302, travel insurance 5 → 58, car rentals 15 → 72.
- **Market share & revenue –** Grew domestic flight market share from 4.5% to 5%+ and international flight share to 3.3%. Drove ~MMK 1.8B monthly GMV through the e-wallet ecosystem for a business generating ~USD 20M in annual revenue.
- **Acquisition –** Built a full-funnel growth engine across paid, social, influencers, CRM and partners; recruited 21,404 new first-purchase customers in 2024 (+20% YoY). Grew platform traffic from 756K to 1.18M while holding a 5%+ conversion floor.
- **Retention & loyalty –** Designed and launched a four-tier loyalty program (points, rewards, gamification, referrals, leaderboards) to drive repeat bookings and segment high-value customers for personalized campaigns.
- **Partnerships –** Launched Flymya inside the KBZPay mini-app ecosystem (19M users): 9.8M reach, +22% bookings, +15% session time. Led co-marketing with Singapore Airlines, Tourism Malaysia, banks, telecoms and wallets.
- **Brand & community –** Grew Facebook reach from 5M to 85M and added 80K+ followers in two years; launched TikTok from zero to 16K followers in one year. Took OOH from zero to nationwide (24 malls, airports, billboards) and added 3 new retail counters.
- **Pricing & monetization –** Own market-share monitoring, service fees and margin decisions, balancing price competitiveness with profitability.
- **Team & operating rhythm –** Built the marketing team from 3 to 13 and introduced OKRs to align quarterly goals across Product, Tech, Data, Customer Service and Commercial.

## PROFESSIONAL EXPERIENCE

**Head of Marketing (B2C Growth)** | Flymya Technology Co., Ltd., Yangon *Jan 2024 – Present*

- Own B2C growth strategy for an OTA marketplace, translating commercial targets into integrated campaigns and lifecycle programs.
- Lead campaigns across paid media, social, influencers, CRM, partner channels, OOH, retail and in-app; manage mechanics, offers, briefs, landing-page requirements and reporting.
- Partner with Product, Technology and Data on booking-flow improvements, event tracking, funnel analysis and the 2026 mobile app UI/UX relaunch.
- Set up growth measurement covering CAC, LTV, retention and customer profitability using SQL and Looker Studio.
- Manage six social channels plus in-app content; developed region-specific strategies for Yangon, Mandalay and other cities.
